More Energy	Lower Blood Pressure	Improved Skin & Nails
Reduced Leg Pain	Clearer Thinking	PLUS MORE!
Warmer Feet	Better Blood Sugar	

ROYAL ESSENTIALS: A CHELATED HEART HEALTH FORMULA WITH FRESH ROYAL JELLY & TWO TARGETED CHELATORS IN A RAW HONEY BASE

Royal Jelly: is known for its rejuvenating properties being a high source of natural B vitamins, amino acids, trace minerals and is the only known source of Acetylcholine for nerve/brain health.

Chelators: are molecules that have a particular attraction for heavy metals and mineral deposits. When taken into the body, they can latch on and allow them to be flushed out of the body naturally.

Our bodies have amazing self-rejuvenating, self-restoring qualities. Take the next 30 days to see how Royal Essentials can help change your life.

Take 1/2 - 1 teaspoon, 4 times per day.

Before breakfast, before lunch, before supper and before bed.

CHART YOUR 1ST 30 DAY HERE: mark how many times taken along with specific vitals like blood sugar, blood pressure, energy levels, sleep habits, etc.
